

How to get by car

From the **South Airport** "Reina Sofía" take the TF1 motorway towards **Santa Cruz**. After about 30 to 40 minutes travel time, take the TF2 motorway towards Aeropuerto Norte "Los Rodeos" towards **La Laguna**. This connection takes you to the TF5 motorway.

From the **North Airport** "Los Rodeos" continue on the TF5 motorway to **Puerto de la Cruz**. Continue on the motorway towards **Los Realejos**. Here you leave the motorway and continue on the TF42 direction **Icod de los Vinos**. After passing a tunnel and before a roundabout with fork junction, take the exit towards **Garachico**. Continue on the TF42 to Garachico.

After passing Garachico follow the signs to Buenavista del Norte (9 km), passing through the villages **La Caleta de Interián** and **Los Silos**. When arriving at **Buenavista del Norte** take the first exit of the roundabout on the right. You pass in front of the bus station TITSA right hand and the big supermarket "Altesa" left hand. Continue on the main road until the next corner (on the left you see the underground car park of the supermarket), turn left diagonally and then the first street to the right (San Francisco street, later Los Molinos street). Continue straight on this street and in about 300 m you will see on the left the **yellow-green Tabaiba Guesthouse** at the corner of Molinos and Ravelo streets.
